

Halifax Port Authority – Port Information Guide Changes

Pursuant to the Canada Marine Act section 56 sub section (1) (b) the Halifax Port Authority is amending the Port Information Guide.

Now that work on the Big Lift (Macdonald Bride redecking project) is largely completed, vessel navigation standards for transit under the bridge are being updated to reflect the increased bridge height.

Documents containing more details about the proposal may be obtained from the Halifax Port Authority upon request. Persons interested in making representations, in writing, to the Halifax Port Authority may do so by writing to the address set out below.
